PRESS RELEASE:

For immediate release:

Packed House Productions presents Someplace Safe a \$40,000 charitable donation of goods and services at the check presentation ceremony at Packard Music Hall, on July 13th, 2011.

Warren, OH, July 13th, 2011: Packed House Productions, Inc., an Ohio non-profit organization, is proud to present their charity beneficiary, Someplace Safe of Warren \$40,000 in goods and services from our spring benefit concert on St. Patrick's Day, March 17th, 2011 which featured 38 Special with Special Guest Joe Grushecky and The Houserockers.

38 Special and Joe Grushecky and The Houserockers put on a great rock concert and our Packed House team is very proud to honor our commitment to our charity for the event, Someplace Safe.

Packed House Productions is providing Someplace Safe with a new Dell Server, and Six (6) Dell Workstations, including installation and training and a new state of the art Security and Video monitoring system for the entire facility which will also include installation and training. These were a few of the big items on the "wish list" provided to us from Someplace Safe that the Packed House team felt were 'critical needs' for them.

The integrated fire, security, and access control platform system is designed to improve security for those people who need the services of Someplace Safe as well as the Someplace Safe employees. It further provides improved video security coverage both outdoors and indoors, while giving them the ability to recall recorded video data if needed.

Access to the premises will be enhanced by computer controlled door security that maintains a log of every entry and exit event.

Someplace Safe, our selected charity, is a private, non-profit agency and is the only Domestic Violence Agency that serves Trumbull County, Ohio. Someplace Safe, Inc. seeks to reduce and prevent domestic violence and improve the quality of life for victims of domestic violence.
